PAM HEALTH
REHABILITATION HOSPITAL
OF FARGO

Jeff is a 60-year-old male who was in a motorcycle accident with his wife on July 11, 2021. He was airlifted from the crash site in Minnesota to Fargo. His injuries included traumatic brain injury, multiple strokes, several cervical/thoracic spine fractures, respiratory failure, and other injuries.

After a long and complex hospital stay, he arrived at PAM Health Rehabilitation Hospital of Fargo on August 20, 2021. He worked with physical therapy, occupational therapy, and speech therapy six days a week. He progressed rapidly – defying all odds – because at one point doctors were not sure he would survive. Jeff is pictured here standing and walking without an assistive device. He walked on his own out the hospital doors on September 15, 2021. He met his own personal goal of being able to walk his daughter down the aisle in her wedding on September 18, 2021!

Jeff is a walking, talking miracle!

Happiest Goal Achieved: Walking daughter down the aisle 3 days after leaving PAM Health!
