## Why us?

We heal wounds. The Wound Healing Institute at PAM Health Specialty Hospital of Denver is led by Dr. Pradeep Rai, as our Director of Wound Care and Dr. Craig Reynolds, as our Director of Plastic Surgery. We utilize individualized treatment plans – based on complete diagnostic assessments of each patient – that maximize the recovery potential and result in healed wound(s).

### We Specialize in the Treatment of non-healing wounds:

- Stage III or IV pressure injuries
- Non-healing wounds refractory to traditional treatment modalities
- Complicated post surgical wounds
- Infected and/or draining wounds/Osteomyelitis
- Failed Muscle Grafts and Flap Closures
- Traumatic wounds/Amputations
- Grafts/Fistulas
- Arterial and Venous ulcers
- Burns
- Diabetic Foot Wounds
- Post Spinal Cord Injury (SCI) and complications

### What Sets Us Apart:

- 90% success rate in wound healing
- Innovative surgical technique – Bedside Wound Closure (BWC)
- Multidisciplinary team approach
- Highly skilled Wound Care team – 7 days/week
- Expertly trained Physical Medicine and Rehab team – 7 days/week
- Communication plan customized to all stakeholders' needs
- Comprehensive patient education program including Pressure Injury Prevention (PIPP)
- Best in class Case Management works in conjunction with all stakeholders to ensure a safe and sustainable discharge – beginning on admission and throughout the patient's stay

### A Higher Standard of Care

Our facility voluntarily underwent a thorough evaluation by The Joint Commission. The goal of the evaluation? To see if our facility meets the Joint Commission's rigorous performance standards in delivering quality, safe care. By meeting these standards, our facility received The Gold Seal of Approval® – an internationally recognized symbol of quality.
